SUMMARY

Aspiring React Developer with proficiency in Python, Django, React, and Machine Learning. Experienced in building scalable web applications with a strong focus on clean UI/UX design, responsive front- end development, and efficient back-end architecture. Highly motivated to contribute to professional software development teams.

EXPERIENCE

AI & ML Intern

M Square Software, Technopark **03/2025 – 06/2025**

- Trained and tested machine learning models for yoga pose recognition using computer vision techniques.

React Developer Intern

Shristi Innovative **04/2024**

- Built dynamic UI components and implemented routing in React.
- Integrated APIs and enhanced responsiveness.

PROJECT

RESTAURANT WEB APPLICATION

- A responsive and interactive restaurant web app using HTML, CSS, and JavaScript, allowing users to browse the menu, view dish details, and simulate ordering with a modern, user-friendly interface.

ONLINE CODE DEBUGGER

- A React-based web app that lets users write, run, and debug Python and JavaScript code in real-time, showing outputs and error messages in an interactive interface.

MOVIE RATING APPLICATION

- Built a secure Django full-stack web app for movie ratings with user authentication, allowing users to submit and view reviews.
- Implemented dynamic movie listings, responsive UI, and backend management using Django ORM, HTML, CSS, and JavaScript.

EDUCATION

HIGHER SECONDARY EDUCATION

VICTORY MATRIC HIGHER SECONDARY SCHOOL, MYLODE • 2020-2021 • 86%

BACHELOR OF ENGINEERING

Anna University • 2021 – 2025 • 80.90%

CERTIFICATIONS

Full Stack Python Development

Network Systems, Trivandrum • 2025

- Learnt Python, Django, SQLite, REST APIs, JavaScript, HTML, CSS, and React.js by building real-world world frontend projects, a portfolio website, and dynamic full-stack applications.

Employability Skills Development

Mahindra Pride Classroom • 2022 – 2023

- Learnt essential soft skills including group discussions, public speaking, mock interviews, and corporate communication for company readiness.
