- **Backend & Frameworks:** SAP HANA XS, .NET
- **Databases:** SAP HANA, MySQL, MS SQL
- **Tools & Platforms:** Git, SVN, Visual Studio, IIS, JIRA
- **Reporting & Utilities:** BIRT Reports, SAP HANA Studio, SQL Server Management Studio, MySQL Workbench

PROFESSIONAL EXPERIENCE

CONSULTANT - (SOFTWARE ENGINEER)
Pristine Solutions (Pvt) Ltd | Sri Lanka **2025 - Present**

Tech Stack: Angular, SAP HANA, SQL, Azure, Postman

- Provided consulting support for enterprise logistics applications, focusing on Angular UI enhancements and SAP HANA data operations.
- Developed and optimized Angular components and SAP HANA views, procedures, and SQLScript to improve performance and usability.
- Integrated frontend components with SAP HANA services to ensure data accuracy and reliable system behavior.
- Delivered production support, resolving issues and implementing enhancements based on business needs.
- Collaborated with stakeholders and guided junior developers while maintaining code quality through reviews and testing.

SOFTWARE ENGINEER
Pristine Solutions (Pvt) Ltd | Sri Lanka **2022 - 2025**

Tech Stack: Angular, SAP HANA, .NET, SQL, Azure, IIS, Swagger, Postman

- Developed and maintained enterprise web applications for logistics and warehouse management, supporting inventory, invoicing, and sales automation.
- Built Angular frontends integrated with .NET and SAP HANA backends to improve operational efficiency and data reliability.
- Designed and optimized SAP HANA / SQL stored procedures, views, and functions for reporting and business logic.
- Developed and maintained RESTful APIs for internal systems and third-party integrations.
- Provided production support, troubleshooting issues and delivering timely fixes and enhancements.
- Mentored junior developers, conducted code reviews, and promoted clean, scalable architecture.
- Collaborated within Agile cross-functional teams to deliver reliable, maintainable solutions.

SOFTWARE ENGINEER
Climate Smart Initiatives (Pvt) Ltd | Sri Lanka **2021 - 2022**

Tech Stack: Angular, NestJS, Spring Boot, SQL, Git

- Contributed to full-stack development of enterprise web applications, ensuring seamless integration between frontend and backend components.
- Designed and implemented optimized database schemas from ER diagrams, improving data efficiency and query performance.
- Developed and maintained key application features using Angular and NestJS, adhering to coding standards and project requirements.
- Implemented RESTful APIs and backend services with Spring Boot to support business logic and data workflows.
- Performed unit testing, debugging, and performance tuning to enhance reliability, scalability, and maintainability.
- Collaborated closely with project teams to deliver high-quality releases on schedule within Agile sprints.

WEB INTERN
eBEYONDS (Pvt) Ltd | Sri Lanka **2019 - 2020**

Tech Stack: HTML, CSS, WordPress

- Contributed to the development and maintenance of web applications, focusing on bug fixes and enhancing UI functionality.
- Collaborated with clients to gather requirements and resolve client-side issues efficiently.
- Conducted testing and debugging to ensure quality before deployment.
- Assisted in collecting user feedback to guide feature improvements.
- Worked on diverse projects including banking websites, hotel booking platforms, and tea industry portals.

EDUCATION

BSc (Hons) in Information Technology **2021**
Faculty of Information Technology | University Of Moratuwa | Sri Lanka
