Balakrishna Tammela

+91 7981007219 — balakrishnatammela1@gmail.com — Portfolio

Summary

Entry-level Full Stack Developer and Computer Science undergraduate with hands-on experience in building and deploying web applications using Python, React.js, REST APIs, and MySQL. Experienced across the complete software development life cycle including backend development, frontend integration, deployment, and Agile collaboration through internships and real-world projects.

Education

B.Tech in Computer Science
Sri Sai Institute of Technology and Science, Rayachoty — Expected 2026
CGPA: 7.54/10 — Andhra Pradesh, India

Intermediate (MPC)
Government Junior College, Rayachoty — 2020 – 2022
Percentage: 86%

SSC (10th Class)
AP Model School, Ramapuram — 2020
Marks: 542/600

Technical Experience

Full Stack Web Developer Intern — Nanny Tech — Mar 2025 – May 2025
- Built full-stack applications using Django and MERN stack with backend focus.
- Implemented authentication and role-based access control.
- Developed RESTful APIs and integrated React frontends.
- Collaborated using GitHub and sprint-based Agile workflows.

Freelance Web Developer — 2024
- Designed and developed a React-based portfolio website for a client.
- Implemented responsive UI and modern UX principles.
- Deployed on Firebase Hosting.
- Live Demo: View Project

Projects

Gram Vidya Project
- Progressive Web Application (PWA) with offline support and responsive design.
- Implemented MongoDB for scalable data management.
- Deployed on Render cloud platform.
- Live Demo: View Project

Movie Review System
- Full-stack application for browsing and reviewing movies.
- Built using Node.js, Express.js, MongoDB, and TMDB API.
- Backend deployed on Renderfrontend on Netlify.
- Live Demo: View Project

School Management System
- Web application for managing students, teachers, and class records.
- Developed using RESTful APIs and modular architecture.
- Live Demo: View Project

Food Recipe Application
- React-based application with Spoonacular API integration.
- Implemented Firebase Authentication.
- Deployed using Firebase Hosting.
- Live Demo: View Project

GUI Applications using Tkinter
- Developed desktop applications including calculators, quiz systems, and text editors.

Supermarket Billing Application
- Python Tkinter-based billing and inventory management system.
- Integrated MySQL database for persistent data storage.

Skills

Programming Languages: Python, JavaScript, Java
Frontend: HTML5, CSS3, React.js
Backend: Django, Flask, Node.js, Express.js, REST APIs
Databases: MySQL, MongoDB, SQLite
GUI Development: Python Tkinter
Tools: Git, Postman, VS Code
Deployment: Netlify, Render, Firebase
Concepts: SDLC, Agile Methodology, API Integration

Soft Skills

- Effective communication and collaboration
- Strong problem-solving and analytical thinking
- Adaptability to new technologies
- Time management and attention to detail

Personal Details

Name: Balakrishna Tammela
Date of Birth: June 6, 2005
Father's Name: T. Gangaraju
Mother's Name: T. Kamala
Current Address: BTM Layout, Bangalore, Karnataka, India
Permanent Address: Rayachoty, Kadapa, Andhra Pradesh, India
Languages Known: Telugu, English
Hobbies: Watching podcasts, listening to music, learning new skills
