OBJECTIVES

A highly motivated and technically proficient BCA graduate with hands-on experience in full-stack development using Python, and current experience as a Product Specialist at Helixo supporting clients of UFE and Bucks. Seeking a challenging role in IT or product-based environments where I can apply my technical, analytical, and client-support skills to drive product success and contribute to organizational growth.

EXPERIENCE

- Product specialist | Helixo, Kochi (2025 September - Present)

  Worked as a Product Specialist at Helixo, providing dedicated support to UFE and Bucks clients. Assisted Shopify merchants with setup, troubleshooting, and funnel optimization to improve their store performance and user experience
- Full stack development | Ziya Academy, Kochi (2025 june - September)
  Engineered full-stack web applications using Python, Django, HTML and PostgreSQL. Collaborated on system development and debugging, gaining hands-on experience in web application architecture and database management relevant to modern IT systems.
- Sales executive | KVR Maruti arena,Edakkara (2024 march - august)

  Worked as Sales Executive at KVR Maruti, adept at fostering strong customer relationships and consistently driving showroom success through exceptional sales performance
