EDUCATION

Madhav Institute of Technology and Science **Gwalior, Madhya Pradesh**
B. Tech In Information Technology (Artificial Intelligence & Robotics)
CGPA: 7.01, SGPA: 8.53
B.Tech (Pursuing) | Graduation: 2026

Intermediate **Bhind, Madhya Pradesh**

Secondary (Class X)
Agrawal Vidhya Mandir : 2020

Senior Secondary (Class XII)
New Millennium H.S. School : 2022

TECHNICAL SKILLS

- **Programming Languages:** C++, Python, JavaScript, MySQL.
- **Web Technologies:** HTML5, CSS3, JavaScript.
- **Data Analysis & Visualization:** Machine Learning, NumPy, Pandas, Matplotlib.
- **Developer Tools and Technology:** VS Code, Google Colab.

PROJECTS

Obstacle Avoiding Robot | Tools & Technologies: Arduino UNO, Ultrasonic Sensor, python(Arduino IDE)

- Designed and developed an autonomous obstacle-avoiding robot using Arduino UNO and ultrasonic sensors.
- Implemented real-time distance detection to automatically navigate and avoid obstacles without any human intervention.
- Programmed logic using Arduino python to continuously scan surroundings and make directional decisions (left/right) based on obstacle proximity.
- Ensured smooth motion and accuracy in navigation, enhancing the reliability of autonomous movement.
- Project demonstrated core concepts of embedded systems, sensor integration, and automation

Personal Portfolio Website | HTML, CSS, JavaScript

- Designed and developed a fully responsive personal portfolio website
- Showcases skills, education, projects, and contact form.
- Implemented interactive UI using HTML, CSS, and JavaScript.

Smart Living Solutions | Embedded Systems

- Designed and implemented **IoT-based smart home systems using Arduino** to improve energy efficiency.
- Integrated **sensors, relays, and voice assistants (Google Assistant)** for automation.
- Designed and developed a gas leakage detection system using Arduino and MQ-series gas sensors and implemented in real-time alerts via buzzer and SMS notifications using a GSM module.

ACHIEVEMENTS

- Web Developer Intern — APPTech Mobile Solutions (15 May 2025 – 15July 2025) Worked on developing and maintaining responsive websites.
- Distributed System And Secured 'A+' Grade conducted by Madhav Institute of Technology & Science, Gwalior.
- Achieved ***Elite + Silver*** in Data Analytics with Python, scoring perfect 25/25 in assignments in both courses.
- **Secured Elite + Gold + Top 2% (Topper)** in NPTEL's Big Data Computing course with an exceptional 93% score
