PROFESSIONAL SUMMARY

Frontend Developer with 4+ years of experience building scalable, high performance, and user centric web applications. Specialized in React, Angular, JavaScript, HTML5, and CSS3 with strong expertise in translating UI/UX designs into responsive, accessible, and pixel perfect interfaces. Proven track record of delivering enterprise grade applications, reusable component libraries, and design systems for product and service based organizations.

CORE SKILLS

Frontend: React, Angular, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind, Bootstrap
UI Engineering: Responsive Design, Cross Browser Compatibility, Web Accessibility, Component Driven Development, Design Systems.
Testing & Tools: Jasmine, Karma, REST APIs, Git, Bitbucket
UI/UX Design Tools / Presentation: Figma, Adobe XD, Illustrator, Powerpoint
Backend Exposure: Node.js, MongoDB

PROFESSIONAL EXPERIENCE

Frontend Developer (Freelance) | GoRed Medias | Sep 2023 – Present | Chennai

- Developing functional and responsive web applications across various devices & browsers.
- Translated complex Figma and Adobe XD designs into clean, scalable, and maintainable UI components.
- Built and maintained reusable component libraries and centralized design systems to streamline development workflows.
- Collaborated closely with designers and backend teams to bridge technical gaps and deliver high-quality, user-centric features.
- Creating design artifacts, user flows, wireframes, prototypes & high-fidelity mockups.

Software Engineer | Elumina eLearning | Jul 2022 – Aug 2023 | Chennai

- Designed web application with high fidelity prototypes & visual designs.
- Created a library of reusable UI components, reducing development time and improving consistency across projects.
- Integrated frontend applications with RESTful APIs, improving data flow and system performance.
- Produced high-fidelity prototypes and visual designs to streamline collaboration between design and engineering teams.
- Designed intuitive, mobile-first interfaces to enhance user experience across devices.

Associate Software Engineer | Elumina eLearning | Jan 2019 – Apr 2020 | Chennai

- Built Angular-based web applications with dynamic UI behavior and a modular, scalable architecture.
- Developed real-time features, including facial recognition and behavior analysis dashboards
- Integrated secure payment gateways using third-party APIs

Junior Developer | Mindzen India Private Limited | Jul 2018 – Dec 2018 | Chennai

- Played a key role in the development and enhancement of the Mzapp insurance and employee benefits platform.
- Engineered highly responsive, user-centric web interfaces for enterprise-scale applications.
- Delivered seamless front-end experiences using Angular, JavaScript, and Bootstrap, aligned with HTML5 and CSS3 standards.
- Designed and optimized interfaces to keep complex insurance workflows intuitive and accessible across all devices.
- Contributed to a robust, high-volume enterprise solution supporting large employee benefits ecosystems

KEY ACHIEVEMENTS

- Star Performer Award – RANZCO Project, Elumina eLearning.
- Best Employee Award Q2 2023 – RACS Project, Elumina eLearning.
- Cash Award for successful on time delivery of a complex web application – MindZen

EDUCATION

- Master of Computer Applications (Correspondence) – 70%
- B.Sc. Computer Science – 8.1 CGPA

LANGUAGES

- English – Speak, Read, Write
- Tamil – Speak, Read, Write
