PROFESSIONAL SUMMARY

Results-driven Software Engineer with 1.6+ years of experience building scalable web applications using Java, SpringBoot, and modern web technologies. Delivered 5+ enterprise-grade applications with proven impact: 30% increase in client engagement, 15% reduction in server response time, and 20% improvement in data retrieval efficiency. Strong foundation in object-oriented design, REST APIs, MVC architecture, and database optimization. Passionate about writing clean, maintainable code and solving complex technical challenges.

TECHNICAL SKILLS

Languages: Java (SE 8+), JavaScript, SQL, HTML5, CSS3
Frameworks & Libraries: SpringBoot, Spring MVC, Thymeleaf, Bootstrap, RESTful APIs
Databases: MySQL, Oracle, SAP HANA
Tools & Technologies: Git, Maven, Eclipse, IntelliJ IDEA, VS-Code, SAP FICO, MS Office
Testing: Postman
Core Competencies: Object-Oriented Programming, Data Structures, Algorithms, MVC Architecture, Responsive Design, Database Optimization, Agile Development

PROFESSIONAL EXPERIENCE

Java Developer Nov 2023 – May 2025
(1.6-Year) *Swapra Technologies* Pune, Maharashtra

- Architected and delivered 5+ full-stack enterprise web applications (e-commerce, architecture portfolio, legal advisory) using Java, SpringBoot, MySQL, and Thymeleaf, serving 10,000+ users and increasing client engagement by 30%
- Optimized backend performance by refactoring business logic and implementing efficient REST APIs, reducing average server response time by 15% and improving system throughput
- Enhanced database performance through query optimization and schema refinement in MySQL, achieving 20% faster data retrieval and reducing database load by implementing proper indexing strategies
- Developed responsive, mobile-first front-end interfaces using Thymeleaf, Bootstrap, HTML5, and CSS3, improving user experience across devices and increasing mobile user retention by 25%
- Implemented MVC design patterns and SOLID principles to ensure code maintainability, scalability, and testability across all applications
- Collaborated with cross-functional teams in Agile sprints to gather requirements, design solutions, and deliver features within strict deadlines

Graduate Trainee Nov 2022 – Nov 2023
(1-Year) *Indian Oil Corporation Limited* Aurangabad, Maharashtra

- Performed data analysis and generated operational reports using Oracle SQL and Excel, reducing reporting errors by 25% and enabling data-driven decision-making for management
- Managed SAP FICO and SAP HANA modules for financial and operational workflows, streamlining processes by 20% and improving system efficiency
- Contributed to implementation of Business Intelligence dashboards, providing real-time insights into operational metrics and financial KPIs
- Automated routine data extraction tasks using SQL queries and scripts, saving 10+ hours weekly in manual processing time

KEY PROJECTS

E-Commerce Platform | Java, SpringBoot, MySQL, Thymeleaf, Bootstrap *2024–2025*

- Built secure, full-featured e-commerce platform with user authentication, product catalog, shopping cart, and payment integration, handling 1,000+ daily transactions
- Implemented optimized inventory management system with real-time stock tracking, improving transaction processing efficiency by 25%

- Designed normalized database schema with MySQL, ensuring data integrity and supporting complex queries for reporting and analytics

Architecture Portfolio Website | Java, SpringBoot, MySQL, Thymeleaf, Bootstrap *2024–2025*

- Developed dynamic architecture portfolio website with CMS capabilities for project showcases, client testimonials, and contact management
- Integrated database-driven content management, enabling non-technical users to update portfolio content and increasing user engagement by 40%

Legal Advisory Portal | Java, SpringBoot, MySQL, Thymeleaf, Bootstrap *2024–2025*

- Created online legal advisory platform with real-time case tracking, document management, and client communication features
- Enhanced operational efficiency and client satisfaction through intuitive UI/UX design and automated notification system

EDUCATION

Bachelor of Science Aug 2022

Dr. Babasaheb Ambedkar Marathwada University *Aurangabad, Maharashtra*

- Percentage: 60.31% | Strong foundation in analytical thinking, problem-solving, and mathematical reasoning

CERTIFICATIONS

Core Java | Java SE-8 | Java SpringBoot | HTML5 | Java Language Fundamentals & Features
