FATHIMA HASNA

PYTHON FULL STACK DEVELOPER

Tirur, Malappuram +91 9633154754
Fathimahasnaparammal@gmail.com
LinkedIn Github Portfolio

Aspiring Python Full Stack Developer with a strong passion for building dynamic and efficient web applications. Proficient in Python and back-end frameworks like Django, with solid front-end development skills in HTML, CSS, JavaScript, and React.js. Dedicated to developing responsive, user-friendly interfaces and robust back-end systems that support business goals. Eager to contribute to innovative development projects and grow within a collaborative team environment.

PROJECTS

Hospital Management

- Included pages: About, Services, Doctors, Contact, and Appointment.
- Enabled dynamic appointment booking with form handling and scheduling features.
- Highlighted quality medical services and detailed doctor profiles.
- Ensured smooth user interaction with a clean, modern UI and mobile-friendly design.
- Built a responsive hospital website using HTML, CSS, Tailwind CSS, React.js, Python, jQuery, and Django.

E-commerce website

- Developed a responsive furniture website using HTML, CSS, Tailwind CSS, React.js, Python, jQuery, and Django.
- Implemented key modules: Shop, Cart, and Product Listings.
- Added user account features including Wishlist and Blog sections.
- Integrated secure Login/Register functionality for user access and personalization.

SKILLS AND OTHERS

- Proficient in HTML5 and CSS3 for building responsive and semantic web pages.
- Experienced with CSS frameworks including Bootstrap and Tailwind CSS
- Skilled in JavaScript (ES6) and jQuery for dynamic and interactive front-end development.
- Strong knowledge of Python programming and Django framework for back-end development
- Competent in both front-end and back-end web development
- Familiar with version control using Git and GitHub for collaborative development
- Proficient in explaining Django framework concepts such as MTV architecture, ORM, views, and REST API development to peers and junior developers.
