SUMMARY

I'm a Python Django developer who recently completed my training at Luminar Technolab. During my course, I worked on practical projects and learned how to build web applications from scratch. I'm excited to begin my career, learn new technologies, and grow as a developer while contributing my best to the organization.

TECHNICAL SKILLS

- **Programming Languages:** Python
- **Web Frameworks:** Django
- **Frontend Technologies:** HTML, CSS, JavaScript, Bootstrap, React
- **Databases:** MySQL, SQLite
- **Backend Concepts:** CRUD Operations, REST APIs, Authentication & Authorization
- **Tools & Platforms:** Git, GitHub, VS Code

Experience

Python Full Stack Developer Intern, Luminar Technolab – Kochi, Kerala Jun 2025 – Dec 2025

- Built and deployed scalable web applications using Django, implementing secure RESTful APIs and following MVC architecture principles.
- Designed and managed relational databases using MySQL and SQLite, primarily through Django ORM, along with writing optimized SQL queries and joins.
- Developed frontend interfaces using React, integrating them with Django REST Framework (DRF) APIs to fetch and display backend data.
- Worked with React functional components, props, and state management to build dynamic and responsive user interfaces.

Projects

Expense Tracker — Python Django Web Application

- Built a full-stack Expense Tracker using Python and Django.
- Implemented user authentication and user-specific data access.
- Developed CRUD operations for income and expenses using Django ORM.
- Added category-based tracking and monthly expense dashboard.
- Enabled CSV export and monthly data reset.
- Designed responsive UI using HTML, CSS, and Bootstrap.
- **Technologies Used:** Python, Django, HTML, CSS, Bootstrap, SQLite

E-Commerce Website — Bootstrap Frontend Project

- Developed a responsive e-commerce website using HTML, CSS, and Bootstrap.
- Implemented a mobile-first design to ensure compatibility across devices.
- Created reusable UI components for product listings and layout sections.
- Focused on clean design, usability, and consistent styling across pages.
- **Technologies Used:** HTML, CSS, Bootstrap

Education

College of Applied Science, Thodupuzha Idukki, Kerala Idukki, Kerala
B.Sc. Computer Science 2022 – 2025
