PROFESSIONAL SUMMARY

Results-driven Computer Science graduate with 1 year of hands-on experience in PostgreSQL and SQL, specializing in database design, schema creation, and query optimization. Skilled in Python and FastAPI for backend development, with foundational knowledge of HTML and CSS. Currently expanding full-stack capabilities by learning React.js and JavaScript. Passionate about building efficient, data-driven applications and delivering scalable software solutions.

TECHNICAL EXPERTISE

- **Programming Languages:** Python, JavaScript
- **Frameworks:** Fast API, Django, React.js
- **Web Technologies:** HTML, CSS
- **Databases:** MySQL, PostgreSQL
- **Operating Systems:** Windows
- **Tools/IDEs:** VS Code, Notepad,GIT

PROFESSIONAL EXPERIENCE

Associate Engineer – Yajentio Software Pvt. Ltd | 10/2024 -09/2025

- Worked on a Billing System with a focus on PostgreSQL for product, customer, and invoice management.
- Designed and maintained database schemas, tables, and queries for efficient operations.
- Applied CRUD operations to manage billing data
- Ensured data consistency and relational mapping within the system.
- Optimized SQL queries, improving system performance and reducing query execution time.

- Collaborated with the development team to integrate backend database with frontend applications.
- Implemented data validation and error-handling mechanisms to improve system reliability.
- Participated in code reviews, debugging, and bug-fixing to enhance software quality.
- Contributed to documentation for database design and workflows for easy maintenance.
- Supported the team in deploying updates and patches to production systems.

PROJECTS Billing System (Jan 2025 – Aug 2025)

- Developed a database-driven billing system using PostgreSQL.
- Created tables for products, customers, and invoices.
- Performed CRUD operations and optimized SQL queries.
- Focused on relational data handling and query performance.

ACHIEVEMENTS

- Optimized databases and explored new techniques for query performance.
- Learning and building projects with Python and Web Technologies.

EDUCATION

MSc in Computer Science
Vikrama Simhapuri University, India | Dec 2022 - Nov 2024

CERTIFICATIONS

- **Full Stack Python Developer Certification** – Thopstech, Bangalore (2024)
  Covered: Python, Django, HTML, CSS, JavaScript, React.js
