Professional Summary

Python Django Developer with a BCA background and strong experience in full stack web development. Skilled in building scalable applications using Django REST Framework and React.js, designing secure authentication systems, and deploying cloud-based solutions.

Professional Experience

Python & AI Intern — Grapesgenix Technical Solution Pvt. Ltd Dec 2024 – Mar 2025

- Developed backend projects focusing on debugging, optimization, and scalable logic.
- Applied AI concepts for data processing and problem modeling.
- Improved code quality through testing, debugging, and performance tuning.

Full Stack Developer Trainee — Luminar Technolab, Kochi May 2025 – Dec 2025

- Designed responsive user interfaces using React.js, HTML, CSS, and JavaScript.
- Built and integrated RESTful APIs using Django and Django REST Framework.
- Used Git and GitHub for version control and collaboration.

Education

Mahatma Gandhi University
Bachelor of Computer Applications (BCA) Aug 2022 – Apr 2025

Technical Skills

- **Programming:** Python
- **Frameworks:** Django, Django REST Framework, React.js
- **Frontend:** HTML5, CSS3, Bootstrap, Responsive Web Design
- **Databases:** PostgreSQL, MySQL, SQLite
- **APIs:** RESTful API Development, API Integration, JWT Authentication
- **Cloud & Deployment:** Vercel, Render, Cloudinary
- **Tools:** Git, GitHub, VS Code, Postman
- **Core Concepts:** Authentication & Authorization, CRUD Operations, Database Design, Secure API Communication

Projects

E-commerce Web Application

- Developed backend modules for product, cart, and order management using Django.
- Built RESTful APIs enabling seamless frontend–backend communication.
- Implemented secure authentication workflows and multi-user access control.
- Integrated Razorpay payment gateway and handled failed transactions.
- Designed relational database schemas optimized for performance and scalability.

Social Media Web Application

Live Demo: lunex-three.vercel.app

- Developed a responsive full-stack social media web application using Django REST Framework and React.js.
- Implemented secure authentication and post interaction features including creation, deletion, and likes.
- Built an admin dashboard to manage users, posts, and platform activity.
- Integrated Cloudinary for scalable media storage and optimized image delivery.
- Utilized PostgreSQL and deployed using Vercel and Render with secure API communication.

Certifications

Full Stack Application Development using Python Django — Grapesgenix
Artificial Intelligence using Python (200 Hours) — Grapesgenix
