SUMMARY

Dedicated and motivated B.E. in Computer Science Engineering graduate eager to launch a rewarding career in the tech industry. With a solid understanding of software development methodologies. Possess strong problem-solving skills and a proactive approach to learning new technologies. Excited to contribute innovative ideas and collaborate with teams to drive projects to success. Passionate about leveraging technology to create impactful solutions and enhance user experiences

PROJECT

Enterprise Web Application UI with Dynamic Form Handling and API Integration

- Developed a responsive, enterprise-grade web application using Vite + React, Mantine UI, Tanstack Query, and Zod. The interface features a structured layout with a sidebar, header, and main content area.
- Implemented a dynamic form with image upload capability, pre-filled with initial data from a public API .
- Integrated robust client-side validation with Zod and implemented a POST-based save action for form submission.

React CodePen Clone

- Developed a fully functional code playground inspired by Code Pen, using React.
- The application allows users to write, edit, and preview HTML, CSS, and JavaScript code in real-time within a responsive, tabbed interface.
- Features include persistent code storage via localStorage, theme toggling, and responsive layout using CSS Grid and Flexbox. Built with a focus on modular components, user experience, and code scalability.

React Foodie – Online Food Ordering Website

- Created a dynamic and responsive food ordering website using React, showcasing a variety of dishes with detailed information, pricing, and filtering options.
- Implemented add-to-cart functionality, real-time cart updates, and smooth navigation using React Router.
- Emphasized clean UI/UX with styled-components (or CSS Modules), and ensured mobile responsiveness.

EDUCATION

Bachelor of Engineering (CSE)

Sathyabama Institute of Science & Technology • Chennai • 2024 • 74.5

CERTIFICATIONS

Java Full Stack Development

GREENS TECHNOLOGIES • 2024

NodeJS and MongoDB

OXTECHNOLOGIES • 2023

ReactJS Web App Development

ALGOXFUSION PRIVATE LIMITED • 2022

SKILLS

Front-End: HTML5, CSS3, Mantine, JavaScript, React.js

Back-End : Java

Database: MySQL, Tan stack Query
