Deepika R

Python Full-Stack Developer (Fresher)

deepikarajasekar20@gmail.com | +91 88383 32689 | LinkedIn

Summary

Python Full-Stack Developer fresher with strong foundation in **Python, Django, FastAPI, HTML, CSS, JavaScript, and SQL**. Experienced in building end-to-end web applications, developing RESTful APIs, and working with relational databases. Passionate about writing clean code and creating scalable, user-friendly applications.

Technical Skills

Languages	Python, JavaScript
Frontend	HTML5, CSS3, JavaScript
Backend	Django, FastAPI
Databases	MySQL, PostgreSQL
API Development	RESTful APIs, CRUD, Authentication
Core Concepts	OOP, Data Structures, Algorithms
Testing	Unit Testing, PyTest (Basic)
Version Control	Git, GitHub
Cloud	AWS EC2, S3 (Basic)
Containers	Docker (Basic)

Projects

Full-Stack Web Application (Django, HTML, CSS, JavaScript, MySQL) Apr 2025

- Built full-stack web application using Django.
- Implemented user authentication and CRUD operations.
- Designed MySQL database schema.
- Created responsive frontend pages.

REST API Backend Service (FastAPI, PostgreSQL) Feb 2025

- Developed RESTful APIs using FastAPI.
- Connected APIs with PostgreSQL database.
- Implemented validation and error handling.

AI-Based Drowning Alert System (Python, PostgreSQL) Feb 2024 – May 2025

- Developed backend modules to trigger ML inference.
- Stored predictions and generated alerts.
- Achieved **92% accuracy**.

Education

2021 – 2025 **B.E. Computer Science and Engineering**, Mailam Engineering College
CGPA: **8.64**

2020 – 2021 **Class XII (CBSE)**, Naahar Public School – 83.8%

2018 – 2019 **Class X (CBSE)**, Naahar Public School – 71.6%

Certifications

- Python Programming Certification
- HackerRank SQL Certification
