AJITHKUMAR P

Python Developer | akajithkumar9344@gmail.com / 9344595564 / Chennai
LinkedIn / GitHub

SUMMARY

Motivated Python Developer with a solid foundation in front-end (HTML, CSS, JavaScript, React) and back-end (Node.js, Python, MySQL, PostgreSQL) technologies. Completed multiple academic and personal projects involving responsive UI design, REST API, Fast Api, integration, and database management. Passionate about solving real-world problems through efficient coding, continuous learning, and collaborative teamwork.

TECHNICAL SKILLS

Back-end Technologies: Python, Django, Fast API, RESTful APIs

Front-end Technologies: HTML5, CSS3, Tailwind CSS, Bootstrap, JavaScript, React.js

Databases: MySQL, PostgreSQL

Version Control: Git, GitHub

Tools Platforms: Visual Studio Code, Postman, swagger

Soft Skills: Teamwork, Problem-solving, Quick Learner

PROJECTS **Rental website** | Python, Fast Api, PostgreSQL, react.js| DEC 2025

- Developed a Rental Website with secure user login authentication.
- Implemented an admin panel to manage users, property listings, and bookings using CRUD operations.
- Designed a booking form for users to request rentals, integrated with Python backend and PostgreSQL database

Fraud detection on bank payment using machine learning | MAR 2025

- Developed a machine learning model to detect fraudulent bank payment transactions.
- Performed data preprocessing and exploratory data analysis (EDA) to identify patterns.
- Implemented and optimized Random Forest using Python, Pandas, NumPy, and Scikit-learn for improved
- **Technologies Used:** Python, Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn

CERTIFACATIOS

- Completed python full stack development - Login360, 2025
- Google Coursera professional certification - completed

INTERNSHIP AALAYAM SCIENCE INFOTECH | **Python Programming** June 2024

- Developed and optimized Python applications using libraries like Pandas, NumPy, and Flask.
- Gained hands-on experience in debugging, automation, and collaborative coding with version control tools.
- Implemented data analysis and visualization techniques to extract actionable insights from datasets

DIGITECH | Data Analysis internship |DEC 2024

- Performed data collection, cleaning, and statistical analysis to identify patterns and trends.
- Developed visual reports and dashboards to present insights for business decision-making.
- Collaborated with team members to interpret results and provide actionable recommendations.

EDUCATION

AVS COLLEGE OF ARTS AND SCIENCE (AUTONOMOUS) (July 2023 – May 2025)
M.Sc. in Computer Science - First Class: 80%

AVS COLLEGE OF ARTS AND SCIENCE (July 2020 -May 2023)
B.Sc. in Computer Science - First Class: 70%
