MASAPETA AKHILA

Hyderabad akhilamasapeta2000@gmail.com 8688390894

Professional Summary

Highly motivated and detail-oriented professional with a Master's degree in Computer Applications and hands-on experience in Data Analysis and Software Testing. Skilled in Python, SQL, MS Excel, and JIRA, with a strong foundation in data manipulation, reporting, and quality assurance. Proficient in developing and executing test cases, automating validation tasks, and optimizing data workflows for accuracy and efficiency. Recognized for problem-solving, teamwork, and adaptability, with a commitment to continuous learning and delivering high-quality analytical insights and testing outcomes.

Technical Skills

Programming: Python, Java, HTML, CSS
Data Analysis: SQL, MS Excel (Advanced), Pandas, NumPy, Data Cleaning, Statistical Analysis
Testing & QA: JIRA, Test Case Design, Functional Testing, Regression Testing, Defect Tracking
Databases: MySQL, PostgreSQL (Basic), NoSQL (Introductory)
Tools & Methodologies: Matplotlib, Seaborn, Git/GitHub, Agile/Scrum

Professional Experience

Junior Data Analyst & Quality Assurance Associate (Internship) June 2024 – Present

- Performed data extraction, transformation, and reporting using SQL, Excel, and Pandas to support business analytics and QA validation.
- Wrote and optimized SQL queries and stored procedures, improving data retrieval performance by 15%
- Developed and executed functional, integration, and regression test cases across multiple software modules.
- Conducted data validation and reconciliation testing, ensuring consistency between source and target systems.
- Automated repetitive data validation and report generation tasks using Python, enhancing productivity and accuracy.
- Managed and tracked defects using JIRA, collaborating with developers for prompt issue resolution.
- Participated in test planning and documentation, ensuring clear traceability of requirements to test cases.
- Contributed to process optimization initiatives, improving testing efficiency and data quality across projects.

Project

PHARMATRACE – Supply Chain Tracking System Aug 2024 – Jan 2025

- Designed and developed a system to track pharmaceutical movements from manufacturer to dispensing location.
- Ensured data accuracy through validation and testing of real-time inventory and location tracking modules.
- Implemented test scenarios to verify data integrity and functionality.

Certifications

- Python Certification – IBM (May 2024)
- Java Certification – Besant Technologies (Aug 2024)
- Python Certification – Besant Technologies (Apr 2024)

Education

Master of Computer Applications (MCA), Aurora's PG College, Ramanthapur
CGPA: 7.6 Nov 2022 – Sept 2024

Bachelor of Science (Mathematics, Statistics, Computer Science), St. Pious X Degree and PG College for Women, Nacharam
CGPA: 8.63 June 2018 – July 2021
