PROFILE

Passionate about web development and UI design, with skills in HTML, CSS, JavaScript, and design tools like Figma. Successfully hosted a live project (*Shri Prasalyah Construction*) on Hostinger. Seeking a role to apply and grow my skills by building impactful and user-friendly web solutions.

EDUCATION

B.Tech(Artificial Intelligence and Data Science) Tirupur, India

- Kangeyam Institute of Technology
- CGPA : 8.61

HSC Namakkal, India

- Surabi Matric Higher Secondary School
- Percentage : 91.6

SSLC Namakkal, India

- Surabi Matric Higher Secondary School
- Percentage : 86.5

PROJECTS

A FLASK BASED INTELLIGENT DRIVER MONITORING SYSTEM

- Developed a real-time system using Python, Flask, and OpenCV to detect driver drowsiness or distraction through webcam-based face and eye tracking.
- Triggered buzzer and LED alerts via hardware simulation to enhance road safety through timely notifications.

RECOMMENDATION OF AMAZON PRIME MOVIES DASHBOARD USING POWER BI

- Developed an interactive Power BI dashboard to analyze Amazon Prime Video data.Visualized key insights such as total titles, ratings, genres, release years, and country-wise distribution.
- Used DAX and data modeling to create dynamic visuals for better content understanding.
- Enabled data-driven recommendations by identifying viewing trends and content patterns.

KIDS LEARNING GAME UI PROTOTYPE USING FIGMA

- Designed an interactive Figma-based UI prototype for a kids' learning game focused on identifying fruits and animals.
- Emphasized vibrant visuals, engaging layouts, and age-appropriate UI elements to ensure user-friendly interaction.The design promotes fun learning with an intuitive flow and appealing animations to enhance engagement.

INTERNSHIP

Web Designing
Knila IT Solutions

- Developed and designed user-friendly web pages using HTML, CSS, and JavaScript.
- Strengthened UI/UX design knowledge and gained exposure to real-time development practices.

SKILLS

Programming Skills:
- Python
- HTML & CSS,Javascript
- Basics of C
- SQL

Tools
- Power BI
- Figma
- MS Excel

INTERESTS

Designing
- Passionate about UI/UX design using Figma, with creative prototypes including a WhatsApp interface, Zaara Fashions dress showcase, and burger advertisement.
- Projects are published on Behance, reflecting my commitment to designing intuitive and visually appealing user experiences.

Gardening
- Enjoy gardening in my personal space by planting trees and caring for them regularly, which keeps me refreshed and connected to nature.

HANDS-ON LIVE PROJECT
