Sonu Kaushaki Mitta

+918688995576 ◇ sonumitta56@gmail.com ◇ Bangalore, India

PROFESSIONAL SUMMARY

Motivated and quick-learning Software Developer with hands-on experience in Python, Flask, SQL, and responsive web design. Strong analytical and problem-solving skills backed by a commerce background. Passionate about building clean, scalable applications and eager to contribute to collaborative development teams.

EXPERIENCE

Python Full Stack, Intern Sep 2023 – Jan 2024

Innogeecks Technologies Pvt. Ltd. | Ongole

- Gained practical experience in Python, SQL, HTML and web development fundamentals
- Completed structured training on backend and frontend technologies.
- Practiced Python logic building and debugging techniques in a real-time environment.
- Strengthened skills in code structuring, basic database handling, and development tool

EDUCATION

- **B. Com in Computers**, GRK Degree College (Percentage: 85%) Ongole, 2024
- **Intermediate in MPC**, APM School (Percentage: 70%) Veerepalli, 2021

CERTIFICATIONS

python for Data Science, IBM, learned Python Basics for data science. Used pandas, NumPy, and Jupiter Notebooks,

PROJECTS

EDA (Google Play Store Project)

- **Data Analysis and manipulation** Experience in using pandas for data analysis and manipulation, including loading data from CSV files and working with Data Frames.
- **Data Cleaning and preparation** Skills in performing data preparation and cleaning processes
- **Exploratory Data Analysis (EDA)** Proficiency in conducting EDA using tools like NumPy, Pandas, Matplotlib to gain insights from data.

Library Management System

- Developed a Python based application to manage library books, including adding and viewing, and issuing books Used CSV files for data storage and implemented file handling and CRUD operations (create, read, update, and delete).
- Enhanced programming skills by applying python fundamentals in a practical project

SKILLS

Programming Languages Python
Data Management SQL, Excel
Frontend Technologies HTML, CSS, Java Script
Modules NumPy, Pandas, Matplotlib
Web Frameworks: Flask
Development Tools PyCharm, Jupyter Notebook, GIT

INTEREST

- Participate in online coding challenges [HackerRank]
- Mind-Body Training [Yoga]

ADDITIONAL INFORMATION

- **Languages** English [Fluent], Telugu [Native]

- **Soft Skills** Strong Communication, Time Management, Enabling Effective Collaboration, Patient &dedicated
