Professional Summary

Innovative and analytical Software Engineer specializing in Python, AI-driven systems, and backend development using Django and REST APIs. Experienced in building scalable full-stack solutions with React, MERN, and .NET frameworks. Strong problem-solver with deep understanding of Data Structures, Algorithms, and system design, capable of delivering reliable and maintainable software for real-world applications.

Technical Skills

- **Languages:** Python, JavaScript, Java, C, C++, C#
- **Frameworks:** Django, MERN Stack, ReactJS, React Native, .NET
- **Frontend:** HTML5, CSS3, TailwindCSS
- **Tools:** Git, GitHub, Bash, Postman, Docker
- **Database:** SQL, MongoDB
- **Concepts:** DSA, OOP, OS, Networking, AI Integration

Experience

Embedded Systems Intern — *e-Yantra, IIT Bombay* Jan 2024 – Apr 2024

- Built Arduino-based robotic modules using ATmega2560 microcontroller and C.
- Programmed real-time sensor-actuator logic and embedded workflows.
- Achieved top 5% rank among 3000+ participants by completing all hardware missions.

AI/ML Intern — *Edunet Foundation + Microsoft* Jun 2023 – Aug 2023

- Trained machine learning models using scikit-learn and Pandas with 85%+ accuracy.
- Built AI models for predictive analytics and deployed prototypes via Azure.
- Collaborated on ethical AI implementation and performance validation.

Web Developer Intern — *Codecasa* Jun 2022 – Aug 2022

- Developed full-stack web apps using Django (Python) backend and ReactJS frontend.
- Designed REST APIs and authentication workflows; improved performance by 30%.
- Integrated automated testing and CI/CD pipelines to streamline delivery.

Projects

- **Job Connect:** End-to-end job portal built with Django (Python) backend and ReactJS frontend, featuring role-based authentication, job filters, and recruiter dashboards.
- **AI Resume Genius:** ATS-style resume screening tool leveraging Python NLP and Flask APIs with ReactJS dashboard, improving matching precision by 40%.
- **Automated Deployment CLI:** Python-based CLI integrated with Docker and GitHub Actions for automated deployment and rollback, cutting deployment time by 50%.

Education

B.Tech. in Electronics and Communication Engineering
University of Kashmir, India Nov 2021 – Sep 2025
Key Courses: Data Structures, Algorithms, Operating Systems, Web Development, COA, Computer Networks

ADDITIONAL INFORMATION

- **Soft Skills:** Communication, Team Collaboration, Time Management, Critical Thinking
- **Achievements:** Qualified GATE CS 2025
- **Interests:** Open Source Contribution, Football, Technical Blogging
