Education

CCSIT Mannarkkad (Calicut University) 2023 – 2025
Master of Computer Applications *7.07*

Al Jamia Arts and Science College (Calicut University) 2020 – 2023
Bachelor of Computer Applications *6.183*

AMHSS Vengoor 2018 – 2020
79.41%

Darul Falah English School 2017 – 2018
74.6%

Projects

FraudTrack - Credit Fraud Detection System

- Developed a website and mobile app for credit fraud detection using machine learning, specifically leveraging the Local Outlier Factor (LOF) algorithm to detect anomalous transaction patterns.
- Implemented the LOF algorithm to detect outliers in transaction data.
- Evaluated the performance of the LOF algorithm in comparison with other anomaly detection methods.

DoGarbo - Waste Management App

- Designed a mobile app to manage your solid wastes, food wastes, plastic wastes and including e-waste in an effective manner.
- Implemented waste management strategies to improve waste segregation, recycling, and disposal processes.

Skills

Programming Languages:

- Python
- HTML
- CSS
- JavaScript
- MySQL
- Flutter

Soft Skills:

- Communication (English and Malayalam)
- Problem-Solving
- Productivity

Languages:

- English
- Malayalam
