INTERNSHIP & EXPERIENCE

ACCENTURE **AUG 2024 - DEC 2025**

Packaged Application Development Associate

- Trained and skilled in SAP ABAP with hands-on exposure ALV reports, and Object-Oriented Programming (OOP) in ABAP.
- Learnt to build and enhance custom ABAP programs using enhancement techniques like BADI, User exits and BAPI
- Trained in SAP ABAP Workbench concepts including program creation, testing, and basic enhancements.
- Practiced using ABAP Debugger to understand program flow and identify logic issues during training
- Learned Data Dictionary fundamentals, including tables, views, data elements, and domains, through structured lab exercises.

OASIS INFOBYTE

Web Development and Design Intern

- Successfully completed the development of three distinct web projects within the one-month internship period.
- Developed websites for a mini calculator, a landing page, and a tribute page using HTML, CSS and Javascript
- Gained hands-on experience in utilizing HTML, CSS, to create interactive and visually appealing web pages.

KPMG FORAGE INTERNSHIP PROGRAM

Data Analyst Intern

- Used Power BI to design and create interactive dashboards for analysing data for a company
- Built 2 interactive Power BI dashboards analysing around 10k records, improving decision-making speed by 17%
- Cleaned and transformed datasets using Python

PROJECT

Exploratory Data Analysis using Python | Personal Project

- Utilized Python libraries, including **Pandas**, **NumPy**, and **Seaborn**, to perform comprehensive exploratory **data analysis**.
- Skilfully crafted a **heatmap** to visually represent intricate relationships within the dataset, demonstrating a keen ability to extract meaningful insights from complex data structures.

Customer Trends Data Analysis | Personal Project

- Cleaned and pre-processed raw customer transaction data using **Python (Pandas)** in Jupyter Notebook.
- Built and optimized SQL queries in **PostgreSQL** to extract analytical insights and trends.
- Developed **interactive dashboards in Power BI** to visualize customer behaviour and performance metrics.
- Automated **analytical workflows**, improving reporting efficiency and data reliability.

TECHNICAL SKILLS

Technical Skills: Python, SQL, Postgre SQL, Power BI, ETL, Data Cleaning, SAP ABAP, MS Excel, C, OOP, Data Structures, Business Insights & KPI Reporting, HTML, CSS, Javascript, Git

COURSES

1. SAP Trainings - By Accenture
2. Python for Everybody (Getting started with Python): By the University of Michigan
3. Build Dashboards in Power BI: By Coursera
4. Python Basics In 30 minutes: By Udemy

EDUCATION

B.Tech — Computer Science | LBS Institute of Technology for Women
2020 – 2024 | CGPA: 7.9

AISSCE | St. Antony's Public School
2020 | 85.6%

AISSE | St. Antony's Public School
2018 | 93.2%
