SUMMARY

Specialized in building interactive and responsive user interfaces using **HTML**, **CSS**, and **JavaScript**,**Reactjs** **PYTHON**,**MYSQ**L and **PHP**.Proficient in creating modern designs, implementing browser compatibility. Skilled in optimizing website performance and enhancing user experience. Experienced in collaborating with developers and designers to deliver high-quality web applications.

Education

Bharathidasan University,B.Tech Computer Science And Engineering June 2021-2025

- CGPA:7.9

Govt.Hr.Sec.School,Computer Science June 2020-2021

- Percentage:78

Experience

Web Developer Intern, CodeAlpha, Feb 2024 – Apr 2024

- Completed assigned tasks, including designing and developing responsive web pages using **HTML**, **CSS**, and **JavaScript**.

Compunet Connections, Product List and Detail Page Feb 2025 – Apr 2025

- Developed a responsive product listing and detail page using React.js, integrated with a dummy API, featuring image click-to-view and add-to-cart functionality for a seamless user experience.

  Technologies:React.js, Dummy API,Responsive Design,

Skills

ProgrammingLanguages:HTML5,CSS3,JavaScript,Reactjs,PYTHON,PHP,MYSQL
FrameWork/Libraries: React.js,Bootstrap5,Metireal Ui ,

Development Tools: Git, NPM, Webpack, Visual Studio Code , PostMan

Projects

Shopping product page

- I have developed a simple, responsive shopping product page using **React.js** and integrated a **dummy API** for product data. The UI is designed to be intuitive, ensuring a seamless browsing and shopping experience.
- **Technologies:React.js, Dummy API, Responsive Design,Material-UI**

Healthcare Resource Sharing Across Hospitals

- This project is a digital platform that allows multiple hospitals to securely share and access critical healthcare resources like equipment, blood, organs, and oxygen cylinders. It enables real-time availability checking and smooth communication between medical teams across different hospitals, improving patient care and emergency response..
- **Technologies:Python, MySQL SERVER**
