Roshni Lenka

B.Tech in Computer Science and Engineering
Balasore College of Engineering & Technology, Balasore
+91-6370073842 roshnilenka063@gmail.com

EDUCATION

- **Bachelor of Technology in Computer Science and Engineering** *2021 –2025*
  Balasore College of Engineering & Technology CGPA: 8.36

- **Higher Secondary Education** *2019 –2021*
  Talnagar Higher Secondary School Percentage: 80.33%

PERSONAL PROJECTS

- **Facial Emotion Recognition System (CNN)** *Jul 2023 – Feb 2024*
  Real-time emotion classification using deep learning
  - Designed and trained a CNN model for facial emotion classification.
  - Achieved **92% validation accuracy** using TensorFlow and Keras.
  - Implemented real-time emotion detection using OpenCV.

- **PreMedict** *Jun 2024 – Jul 2024*
  AI-driven disease risk prediction system
  - Performed data cleaning, EDA, and feature selection.
  - Built Logistic Regression and SVM models with **90% accuracy**.
  - Developed an interactive Streamlit dashboard.

- **CricPredictor** *Apr 2024 – Jun 2024*
  IPL match outcome prediction platform
  - Built an SVM-based prediction model achieving **80% accuracy**.
  - Deployed a Streamlit web application for predictions.

EXPERIENCE

- **AI/ML Intern** *May 2024 – Jun 2024*
  InternPe Remote
  - Completed end-to-end ML projects demonstrating strong analytical skills.
  - Built predictive models for healthcare and regression-based problems.

TECHNICAL SKILLS

Languages: Python (Data Structures, OOPS), SQL
Data Analysis: Excel, Pandas, NumPy, Data Cleaning, EDA
Machine Learning: Logistic Regression, SVM, CNNs
Tools: Streamlit, TensorFlow, OpenCV
Cloud: Microsoft Azure, Databricks (In Progress)

CERTIFICATIONS

- **Databricks Data Analyst Associate (In Progress)** *Expected 2025*
  Databricks

CURRENTLY LEARNING

Databricks SQL, Data Analysis on Databricks Platform, Advanced SQL Queries

POSITIONS OF RESPONSIBILITY

- **On-Desk Registration Volunteer** *Oct 2023 – Dec 2023*
  Ice Breaking Session Monthly Event
  - Supported registrations for events with 200+ participants.
