- Maharishi Vidya Mandir Senior Secondary School
  12th Grade
  2016 – 2018 | CGPA: 7.70
- Maharishi Vidya Mandir Senior Secondary School
  10th Grade
  Completed in 2016 | CGPA: 8.40

WORK EXPERIENCE

Enterprise Admin Dashboard & Review Management Platform

Frontend Developer (ReactJS) | 1.5 Years

Developed and maintained an enterprise-level admin dashboard and management system for HR, finance, and professional profile promotion, building responsive UI components using ReactJS, JavaScript, HTML, CSS, Ant Design, and Redux. Implemented complex features such as forms, validations, tables, filters, pagination, and integrated REST APIs using Axios. Fixed production issues to improve UI/UX, dashboard performance, data accuracy, and reduce customer-reported bugs. Collaborated closely with designers and backend teams in an Agile/Scrum environment, and performed basic API testing using Postman and UI automation with Cypress while supporting end users by resolving issues.

Tech Stack: ReactJS, JavaScript, HTML, CSS, Redux, Ant Design, Axios, Postman, Cypress, Git

Roles and Responsibilities:

- Received and analyzed tasks/bugs via JIRA, Analyzing requirements with Product Managers and team members.
- Developed responsive UI components using React.js, ensuring seamless API integration.
- Performed unit testing to ensure code quality before handing over to QA.
- Collaborated with cross-functional teams and participated in code reviews to uphold coding standards.
- Deployed completed tasks to production following established release processes, ensuring smooth functionality.
