DHANESH M

Full Stack Python Developer

6374561145 dhaneshmark24@gmail.com https://www.linkedin.com/in/dhanesh-m-59271b243? Vellore,TamilNadu

SUMMARY

Motivated and detail-oriented Python Full Stack Developer with strong logical thinking and problem-solving skills. Skilled in building responsive web applications using modern frameworks and technologies. Quick to adapt, passionate about continuous learning, and eager to contribute to innovative IT solutions.

PROJECTS

E-Commerce - React JS + Redux (2024)

Shop Easy 2024 - Present Bengaluru ,India

The **E-Commerce Web Application** is a modern, responsive shopping platform developed using **React JS** and **Redux Toolkit**.

- It features dynamic product listings, filtering options, and individual product pages with images and specifications..
- Users can create accounts, add items to the cart, and complete secure checkouts.
- The project follows **industry-level frontend architecture** and demonstrates best practices in **state management**, **API integration**, and **component-based design**.

Authentication System – Django + React + JWT (2025)

Book Nest 2025 - Present Tamil Nadu ,India

A Full Stack Author Signup & Book Management System

- **Authentication System (Django + React + JWT)** – Built a secure full-stack authentication project with JWT-based login, registration, and logout..
- Developed REST APIs in Django for token handling and user management. Integrated Tailwind CSS for a responsive and user-friendly interface.

Role Based-Authentication System-Django + React + JWT (2025)

Role Based View 2025 - Present Tamil Nadu ,India

Role-Based Access Control (RBAC) System

- Designed and implemented a **Role-Based Access Control (RBAC)** system to manage page-level and API-level permissions for different user roles, ensuring secure and controlled access to application features.
- Backend APIs validate user roles before processing requests, ensuring complete data security and integrity.

EDUCATION

Full Stack Python Development

AchieversIT Trainings 07/2024 - 04/2025 Bengaluru ,India

Bachelor's Degree in Computer Science

Voorhees College 2021 - 2024 Vellore, India

Higher Secondary School

Voorhees College 2021 - 2024 Vellore, Tamil Nadu

STRENGTHS

Collaborate with Team

Excels in collaborative environments and team projects. Collaborative approach drives project success in teams.

Quick Learner

Rapidly picked up new web development languages and frameworks during my and course. Quick learner eager to acquire new technologies.

Problem-solving Ability

Skilled at problem-solving with logical thinking capabilities.

SKILLS

Python Full Stack Development

Html5 CSS3 JavaScript React JS Python Django JWT REST Framework MySQL Bootstrap Github

KEY ACHIEVEMENTS

Python Fullstack Development with Django and React

I completed an in-person course at Achievers IT Training
Institute to strengthen my technical expertise in Python
Full Stack Development
