BSc Computer Science

MSU College, Govindaperi.

2020 - 2023

LANGUAGES

Tamil

English

PROFILE

I am a highly skilled and passionate software engineer with expertise in Python, Django, and React.js. I specialize in creating dynamic and user-friendly web applications. My goal is to leverage my technical skills to build innovative digital solutions that deliver exceptional user experiences.

WORK EXPERIENCE

Fresher

Key Skills:

- Programming Languages: Python, JavaScript
- Web Development: Django, React.js, HTML5, CSS3
- Database Basics: SQL, Relational Databases
- Problem-Solving and Debugging Skills
- Collaboration and Teamwork
- Strong Communication Skills
- Quick Learner and Adaptable

ASPIRATIONS:

I am enthusiastic about building a career in software development, where I can apply my knowledge of Python, Django, and React.js to create innovative and impactful web solutions. I am eager to contribute to collaborative teams, learn from experienced professionals, and continuously expand my skill set.

EXTRACURRICULAR ACTIVITIES:

- Member of the Computer Science Club, participating in coding competitions and hackathons.
- Attended workshops on emerging technologies and software development best practices.
- Volunteered as a tutor to help fellow students with programming assignments.

Yours sincerely

G. Amose
