Ajay R

Fahad Al Ahmad, Kuwait +965 65084479 ajayzeinz@gmail.com

Summary

Junior Mud Logger with hands-on experience in mud logging and well-site geological support during drilling operations. Currently working at Geolog, assisting in monitoring drilling parameters, describing lithology from cuttings, and identifying hydrocarbon shows. Responsible for preparing basic mud logs, maintaining sample records, and supporting senior mud loggers and well-site geologists. Familiar with standard safety practices and operational procedures in oil and gas drilling environments.

Experience

Junior Mud Logger **2025 - Present**

Geolog International Fahad Al Ahmad, Kuwait

- Assisting in monitoring real-time drilling parameters such as ROP, WOB, and mud properties. Describing lithology from drill cuttings under supervision.
- Observing and reporting hydrocarbon shows based on cuttings and gas data. Maintaining proper sample collection, labeling, and storage.
- Supporting senior mud loggers and well-site geologists during drilling operations. Following HSE guidelines and site safety procedures

Sample Catcher & Mud Logger **2023 - 2024**

Geologging Industries Ltd Mumbai, Maharashtra

- Collected and analyzed geological samples during drilling operations to identify lithology and formations.
- Recorded and interpreted mud logging data for wellbore evaluation and drilling safety. Assisted in preparing geological logs and sample descriptions.
- Worked closely with the drilling team to ensure accurate and timely geological documentation.

GIS & LiDAR Analyst **2022 - 2023**

Elucidate Technologies Pvt Ltd Bangalore, Karnataka

- Processed and analyzed LiDAR data to generate accurate 3D terrain and infrastructure models. Used GIS tools (ArcGIS, QGIS) for spatial analysis, mapping, and terrain modeling.
- Supported environmental and planning projects by delivering geospatial insights and technical reports.
- Collaborated with cross-functional teams and stakeholders for data-driven decision-making.

Education

Master's in Geology | Alagappa University, 2020-2022

CGPA: 7.3

Bachelors in Geology | MCC, MSU University, 2017-2020

CGPA: 7.0

Technical & Geological Skills

- Lithological Description & Formation Identification
- Hydrocarbon Show Analysis
- Auto Calcimetry (Carbonate Analysis)
- Real-Time Drilling Data Monitoring
- Microsoft Excel, Word, PowerPoint

Certification

- **IWCF** – Well Control Level 1
- **WOCRM** – Well Operations Crew Resource Management
- **HSEQ Training** (Health, Safety, Environment & Quality)
- **H_2S Awareness** Training
- **RS & GIS Applications in Atmospheric and Oceanic Hazards** – Indian Institute of Remote Sensing (IIRS)
- **Cybersecurity Awareness Training** – Annual Refresher

Personal Details

Gender : Male

Nationality : India

Date Of Birth : 15/04/2000
