SUMMARY

Entry-level MERN Stack Developer with hands-on experience building responsive, scalable web interfaces using React.js, JavaScript (ES6+), Node.js, and MongoDB. Completed a 6-month MERN internship, delivering reusable components, API-integrated UI's, and mobile-first designs. Strong foundation frontend engineering, collaboration, and modern development tools.

EXPERIENCE

MERN Stack Developer Intern

Skillected Edu. Pvt. Ltd. **May 2025 - October 2025，Koregaon Park**

- Developed frontend components using **React.js** and integrated them with **RESTful backend APIs.**
- Contributed to feature development across the stack, supporting **3–4 core application modules.**
- Implemented responsive UI layouts while ensuring smooth frontend–backend communication.
- Collaborated within an **Agile team environment**, participating in feature discussions, testing, and delivery.

PROJECT

Responsive Portfolio Website

- Revitalized the digital presence by integrating advanced animation techniques, elevating aesthetic coherence and interactivity to deliver a memorable user experience.
- Integrated analytics tools to monitor user interaction patterns, enabling strategic enhancements that further boosted engagement and informed data-driven design decisions.

React-Based Dashboard UI

- Designed a dynamic React-based dashboard interface that enabled real-time data visualization, enhanced accessibility, and supported seamless integration with multiple data sources.
- Engineered a modular dashboard UI leveraging React, improving data presentation through interactive visual components and facilitating effortless customization for diverse analytical needs.
