PROFESSIONAL SUMMARY

Data Analyst Intern with hands-on experience in Python, SQL, data cleaning, exploratory data analysis (EDA), and data validation. Strong experience working with real-world datasets, ensuring data accuracy, performing preprocessing, and building predictive models. Proficient in Python libraries, SQL databases, Git, and analytical problem solving. Actively seeking Data Analyst opportunities to apply data extraction, processing, and analysis skills in a production environment.

TECHNICAL SKILLS

- Programming: Python, SQL
- Data Analysis: Data Cleaning, Data Validation, Exploratory Data Analysis (EDA)
- Libraries & Tools: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn
- Databases: MySQL, Relational Databases
- Version Control: Git
- Data Handling: Feature Engineering, Dataset Comparison, Accuracy Checks
- Visualization: Charts, Dashboards, Reports, Power BI

PROJECTS

- **YouTube Channel Popularity Prediction System:** Built machine learning models to predict YouTube channel popularity metrics. Performed data cleaning, preprocessing, and exploratory data analysis on large datasets. Trained models using Scikit-learn and XGBoost. Developed a Flask-based web application and deployed it on PythonAnywhere. Ensured data accuracy and validation before model training.
- **IPL Match Predictive Web Application:** Created predictive models to forecast IPL match outcomes. Conducted dataset analysis, feature engineering, and validation. Analyzed historical match data to identify patterns and trends and presented insights using visualizations and structured reports.

INTERNSHIP EXPERIENCE

- **Data Science Intern – ICT Academy of Kerala (Oct 2025 – Nov 2025):** Worked on real-world datasets involving data cleaning, preprocessing, and analysis. Performed data validation and accuracy checks to ensure reliable outputs. Conducted exploratory data analysis to identify patterns and insights and built end-to-end machine learning workflows.
- **Graduate Apprentice Trainee – ISRO (Jul 2019 – Jan 2021):** Assisted in analysis of technical and operational data for internal systems. Supported documentation, validation, and evaluation of engineering processes and collaborated with teams to improve process efficiency and data accuracy.

EDUCATION

- Data Science & Analytics (2025) – ICT Academy of Kerala
- B.Tech – Electrical & Electronics Engineering (2014–2018) – Lourdes Matha College

CERTIFICATION

Data Science & Analytics – ICT Academy of Kerala
