Experience

Full Stack Developer Intern, Web Neural InfoTech, Pune, Maharashtra Apr 2024 - May 2025

- Developed and maintained web applications using **PHP**, **Laravel**, and **MySQL**, improving application performance.
- Designed and implemented responsive, user-friendly interfaces with **HTML**, **CSS**, **JavaScript**, and **Bootstrap.**
- Built RESTful APIs in Laravel to integrate third-party services.
- Implemented authorization using Laravel, improving security and data protection.
- Optimized MySQL database queries for improving data retrieval speed.

Projects

Online Food Delivery Website

- Create an attractive interface that showcases food items with images and descriptions, provides essential details like menu, prices, and delivery times, and includes a feedback mechanism for user ratings and comments to improve service quality.
- Tools Used: HTML, CSS, JavaScript, React

E-Commerce Shopping Cart

- Built an e-commerce shopping cart website featuring a responsive design, enabling users to browse and purchase products. Managed user authentication, product listings, and order processing, while ensuring secure data storage and smooth performance.
- Incorporated a dynamic shopping cart and checkout system for a seamless user experience. Optimized the platform for efficiency and ease of use.
- Tools Used: HTML, CSS, JavaScript, Bootstrap, MySQL, PHP, Laravel, Xampp Server

Courses

Masters in Software Development: Phoenix InfoTech Feb 2023 - Aug 2023

Technologies: C, C++, Python, Java, MySQL, HTML, CSS, JavaScript
