Lalit Kumar Goyal

Vadodara, Gujarat | Lalitgoy4@gmail.com | +91-9079050196
Portfolio | GitHub | LinkedIn

Summary

MCA student with strong foundation in **HTML, CSS, JavaScript, and React.js**, with working knowledge of **Node.js, Express.js, and REST APIs**. Experienced in building responsive web applications and collaborative projects. Certified in JavaScript, passionate about becoming a Full Stack Developer, and currently expanding skills in **MongoDB and TypeScript (actively learning)**.

Education

Parul University, MCA — Aug 2024 – Present

Aishwarya College of Education, BCA — Jun 2021 – May 2024

Projects

SkyBook - Flight Booking and Management System — GitHub Repo

- A full-stack **Flight Booking and Management System** built using the **React.js, Supabase**.
- Features include user/admin authentication, flight management dashboard, booking system, and QR code-based ticket generation.
- Focused on RESTful API development, state management, and responsive UI design.

Notes App — GitHub Repo

- A modern and secure **Notes + Links Manager mobile app** built with **React Native (Expo)** and **Supabase**.
- Features lock screen authentication, data sync, and settings.
- Developed for learning and skill-building with assistance from ChatGPT.

CinemaGher — cinema-ghar.vercel.app

- Developed a movie and series review web app as part of a 4-member team using **React.js, Tailwind CSS**.
- Implemented API integration for fetching movie details from TMDB.

React TMDB API Project

- Built a responsive UI using React.js to display dynamic content from TMDB API.

Technical Skills
