HRUDYA K. K

Senior Frontend Developer | React.js

Email Id: Hrudyakk1349@gmail.com Ph: +91 9745125207 Location: Kerala, Calicut

PROFILE SUMMARY

Senior Frontend Developer with 6+ years of experience specializing in React, performance optimization, and responsive UI development, with strong experience integrating REST APIs and collaborating in MERN-based applications.

SKILLS

FRONTEND

- React.js | JavaScript (ES6+) | React Components | React Hooks | Redux Toolkit (RTK) | React Router | Axios | HTML5 | CSS3 | SASS | Responsive Web Design | Bootstrap 5 | Tailwind CSS | Vite

BACKEND

- Node.js | Express.js | REST APIs | JWT Authentication | Middleware | Bcrypt | NPM
- Database - MongoDB | Mongoose ODM | Schema Design & Data Modeling
- API Testing - Postman
- Git & Github

WORK EXPERIENCE

INNOVBLE TECHNOLOGIES Sr.Frontend Developer January 2023 –February 2025

- Contributed to full-stack web application development with a strong focus on React.js, building modular and reusable UI components using functional components and hooks.
- Integrated RESTful APIs built with Node.js and Express.js into React applications using Axios, managing data fetching, loading states, and error handling.
- Designed and developed responsive user interfaces using React components, hooks, and modern CSS frameworks to deliver consistent experiences across devices.

- Managed global and local state using Redux Toolkit and Context API to support complex UI interactions and predictable data flow.
- Optimized React rendering performance and frontend behavior, while supporting basic Express.js API and database query optimizations.
- Implemented authentication and authorization using JWT, cookies, Express.js middleware, protected React routes, and collaborated using Git/GitHub with API validation via Postman.

XPETIZE TECHNOLOGY Frontend Developer MAY 2022 – September 2022 (contract)

- Implemented best practices using React.js, HTML5, CSS3, JavaScript, and accessibility guidelines to ensure WCAG-compliant interfaces, while optimizing UI performance and improving user experience.
- Designed and developed fully responsive web pages and data-driven dashboards using HTML5, CSS3, JavaScript, and Bootstrap, ensuring seamless layout across different devices.
- Improved page load time by ~30% through component optimization and API handling.
- Reduced UI defects by improving component reusability and state management.
- Tested and validated page responsiveness across multiple browsers and devices using Chrome DevTools and JavaScript-based debugging to ensure full cross-platform compatibility.

INTELLISWIFT SOFTWARE UI Developer September 2021 – March 2022 (contract)

- Worked collaboratively with project managers, backend teams, and UI/UX designers through regular discussions to analyze, clarify, and refine project requirements.
- Built responsive, cross-device compatible web pages using HTML5, CSS3, Bootstrap, JavaScript, and media queries within the Visual Studio Code environment.
- Identified, troubleshot, and resolved UI issues through manual testing and continuous debugging to deliver a seamless user experience.

SNT MANAGEMENT SYSTEM Frontend Engineer June 2020 – July 2021

- Collaborated with designers to gather and analyze design for implementation.
- Developed responsive web pages using HTML, CSS, JavaScript, and Bootstrap.
- Worked closely with backend teams to ensure seamless page integration.
- Conducted manual user interface testing to validate page responsiveness.

KYEESHA TECHNOLOGIES SOFTWARE ENGINEER December 2015 – March 2018

- Facilitated requirement analysis and maintained active communication with clients.
- Translated business needs into functional wireframes for early-stage design validation.
- Developed high-quality visual designs with the help of adobe photoshop.
- Converted Photoshop designs into responsive web pages using HTML, CSS, JavaScript, and media queries within Adobe Dreamweaver.
- Developed web projects in the education and healthcare domains.

EDUCATION

- B.E Computer Science Engineering (2009-2013)
- College: Nehru Institute of Engg & Technology
- University: Anna University – Chennai
