PROFILE

Motivated and enthusiastic recent graduate in Data Analytics with hands-on experience through academic projects and internships. Strong foundation in analytical tools and machine learning techniques. Eager to contribute to a dynamic team and grow professionally.

EDUCATION

Master of Science in Data Analytics ,Bharathiar University 2022 – 2024
CMS College of Science and Commerce, Coimbatore

Bachelor of Science in Mathematics , Calicut University 2017 – 2020
Christ College, Irinjalakuda

TECHNICAL SKILLS

Programming Languages	Python, R, C++, HTML, SQL, .NET
Data Tools	Power BI, Tableau, MS Excel, MS Word, PowerPoint
Databases	MongoDB , MySql
Big Data Tools	Hadoop, Spark

SOFT SKILLS

Hardworking — Adaptability — Teamwork — Leadership — Communication — Decision Making Problem Solving — Time Management

EXPERIENCE

Data Analyst/Site Developer Aug 2024 – current
AVOXZ LLC

- Tools: Shopify, Excel, Google Sheet
- Developed, customized, and maintained Shopify eCommerce stores, ensuring high performance, responsive design, and smooth user experience.
- Integrated third-party apps and payment gateways to enhance store functionality and streamline checkout processes.
- Generated insights from store data to optimize pricing strategies, inventory management, and marketing campaigns.
- Collaborated with marketing and operations teams to align data-driven decisions with promotional activities and seasonal campaigns.

Data Analyst Intern Dec 2023 – Feb 2024
OneData Software Solutions *Coimbatore, Tamil Nadu*

- Tools: Python, Power BI, Tableau, Excel, SQL
- Analyzed over 50,000+ rows of structured and unstructured data to extract insights that supported internal decision-making.
- Developed 4 interactive dashboards in Power BI and Tableau, improving stakeholder data visibility by 40
- Automated routine Excel reports, reducing manual effort by 30
- Collaborated with a team of 4 analysts on a customer segmentation project using SQL and visualization tools.

Bigital Class Monitor May 2020 – Aug 2022
Winners Coaching Centre *Kottapuram, Kerala*

- Tools: Zoom, Excel, Word
- Managed and coordinated digital classroom sessions, ensuring smooth online learning experiences for students and faculty.
- Monitored class schedules, attendance, and digital content delivery through online platforms.
- Provided technical support during live classes, resolving connectivity and presentation issues efficiently.
- Maintained a professional approach and punctuality in all assigned tasks, contributing to efficient academic operations.

PROJECTS

Salary Prediction Model
Tools: Python, scikit-learn, pandas, Power BI

- Built a machine learning model using Random Forest and Decision Tree to predict salaries based on job role and location.
- Cleaned and processed 20,000+ job listings; achieved a prediction accuracy of 87
- Visualized salary distribution and trends across regions using Power BI dashboards.

Olympic Athletes Classification
Tools: Tableau, Power BI, Python, pandas

- Collected and cleaned historical athlete data from Kaggle (15,000 records).
- Built classification models to group athletes by sport and performance metrics.
- Created detailed visual reports identifying country-wise performance patterns and medal trends.

Non-Linear Diophantine Equation Analysis
Tools: LaTeX, Python (for visualization)

- Conducted an in-depth mathematical analysis of non-linear Diophantine equations.
- Explored integer solution spaces and visualized equation behaviour under varying constraints.
- Presented findings at Christ College research seminar.

CERTIFICATIONS

- Student Skill Development Training Program – Infosys
- National Level Workshop on Data Analytics Tools – CMS College
- Skill Development Program – Barclays
- Data Analytics and Visualization Job Simulation – Accenture
