ASLAHE P

Python Full Stack Developer

iiaslahee@gmail.com — +91-9895037424 — Malappuram, Kerala

GitHub — LinkedIn

SUMMARY

Enthusiastic Python Full Stack Developer with hands-on experience in Django, Angular, and REST API development. Skilled in building scalable, secure, and user-focused web applications using modern frameworks and clean coding practices. Adept at backend development, database design, and frontend integration, with a strong commitment to continuous learning and delivering high-quality solutions.

EXPERIENCE

Python Full Stack Developer Intern - Febno Technology *2025 – Present*

Collaborating on live web projects using Django and Angular frameworks. Involved in backend API development and frontend module integration. Focused on building scalable and user-friendly web applications using modern technologies.

PROJECTS

Air Quality Monitoring System

An IoT based project for checking the quality of air

• Designed and developed a real-time IoT-based air quality monitoring system using ESP32-C3 microcontroller and sensors (MQ-7, MQ-9, MQ-135) to measure pollutants like CO_2, CO, and PM2.5.

• Integrated Django backend and web interface for cloud-based data visualization, alerts, and trend analysis.

• Focused on reliability and ease of monitoring through real-time updates.

TECHNICAL SKILLS

Programming: Python, JavaScript, TypeScript, PHP, C, HTML, CSS, Bootstrap

Frameworks: Django, Angular, DRF, FastAPI

Databases: MySQL, SQLite, PostgreSQL, SQLAlchemy

Tools & Platforms: Git, GitHub, GitLab, VS Code, Zoho

EDUCATION

Skill Diploma in Python Full Stack Development *2025 – Present*

Tecnodot Academy - Kinfra Industrial Park, Calicut

• Gained hands-on experience in developing dynamic web applications using Python (Django framework) for backend and Angular for frontend.

• Worked with PostgreSQL databases for data modeling and CRUD operations.

• Implemented JWT authentication and handled user management using Django REST Framework.

Bachelor of Computer Application *2022 – 2025*

Grace Valley Arts & Science College(Affiliated to Calicut University).

• Graduate with a comprehensive knowledge of programming, databases, and web technologies.

• Gained practical experience in software development and problem-solving through academic projects and coursework.
