NAYAN HIMMATRAO BORASE

Junior Software Developer Trainee

91 7218105652 nayan1004borse@gmail.com linkedin.com/in/nayan-borase-791998390 Dhule, Maharashtra

SUMMARY

Recent B.Sc. Computer Science graduate specializing in Java (Swing/AWT), Python, and SQL with a focus on building efficient desktop applications. Proven track record in managing database systems and a strong academic foundation in Core CS subjects. Passionate about software development and creating scalable solutions for real-world problems, including agricultural technology

EXPERIENCE

Software Development Trainee (Project-Based) | Agricultural Disease Detection System

- Designed and developed an image-processing application using Python to monitor the health of crops like Onions, Wheat, Cabbage, and Papaya.
- Developed a responsive and clean frontend using HTML5, CSS3, and Jinja2 to provide data-driven insights
- Engineered a web-based farming platform using Python and the Flask framework for backend logic.
- Graduate Trainee | Nextech Infosystems (Technical Certifications)Completed comprehensive professional training in Core Java, focusing on GUI development with Swing and AWT.

EDUCATION

Bsc in Computer ScienceR.C. Patel Arts, Commerce and Science College (RCPACS), Shirpur | 2022-2026

Jalgaon, India

North Maharashtra University

07/2023 - 04/2026

- AlumnusJawahar Navodaya Vidyalaya (JNV)

PROJECTS

Agricultural Crop Monitoring & Disease DetectionPython, Image Processing

Developed a system to monitor crop health for Onions, Wheat, Cabbage, and Papaya.
Implemented image-based identification for diseases like Purple Blotch to assist in timely harvest planning.

AgroStream – A Digital Farming AssistantPython, Flask, Jinja2, HTML5, CSS3

Engineered a digital platform for farmers to monitor crop status using a Python-based backend.
Integrated a clean frontend with HTML/CSS to provide real-time updates and data-driven insights.

CERTIFICATE & ACHIEVEMENTS

Java Programming Certification – [nextech infosystems] |

Comprehensive training in Core Java, including GUI development with Swing and AWT

C & C++ Programming Certification – [nextech infosystems] |

Strong hold on data structures, algorithms, and object-oriented programming concepts

Computer Science Academic Excellence – RCPACS, Shirpur.

Consistently achieved top grades in Java, RDBMS, and Advanced Python exams

SQL & Database Management Certification – nextech infosystems|

Mastered SQL query optimization, RDBMS concepts, and database design

AWS Certified Cloud Practitioner (In Progress) – Amazon Web Services.

Completed foundational cloud modules and earned AWS Educate badges.

TECHNICAL SKILLS

Languages: Java, Python, SQL,HTML5,CSS3,
Frameworks/Libraries: Java Swing,Abstract Window Toolkit(AWT), Basic Tkinter (GUI) in Python.,
Databases: MySQL, RDBMS, SQL Query Optimization., Cloud & Tools: AWS (Educate), Git, GitHub,
Core CS: Theory of Computer Science, Operating Systems, Computer Networks
