Think People

Technology Recruiting Specialists

What drives us?

Every individual deserves to work in a fulfilling job and every organization deserves high performing talent who are truly committed to their vision.

Over the last 22 years, we've been hiring niche and super niche technology professionals. The right talent, that is not only fit for the role but also blends with the firm's ideals. We match companies with their ideal candidates based on an elaborate recruiting process. Extensive market research and intelligence are at the helm of our selection process that benefits the company and candidate alike.

Our Process

Think People approaches recruitment challenges through holistic solutions for all your hiring needs. This process ensures favorable outcomes, thereby ensuring an excellent recruitment experience.

Sourcing

Dedicated candidate ambassadors that understand the company, determine the perfect match

Process Management

Executed by adept recruiting professionals that connect with the applicant with the business

Candidate Relationship Management

Regular communication with candidates to ensure accountability, right attitude and conduct

Value Proposition

Better Brand Perception

By understanding your company and developing a strong-footed brand image that attracts the perfect professionals.

Result-oriented Approach

Post-analysis of your company, we design the strategy to ensure a smooth recruiting process.

Reduced cost and time

Developing efficient strategies that result in providing the best of services and establish a level of trust.

Skill-based recruiting

Going beyond analyzing the face-value of the candidate, and also discerning the skill-set that makes them a perfect match.

A glimpse into our efficiency

Objective:

Fill 65 AVP/VP positions to be filled in 42 days for a Pune-based GIC firm

Special Needs:

Increase gender-based diversity at leadership positions by 40% efficiently

Process & Outcome:

- The job listings went live on 4th October 2022.
- The first drive was conducted on 12th October, seeing the participation of 122 candidates, out of which 24 were selected.
- The second drive was conducted on 26th October for candidates traveling from other locations, and it saw a participation of 97 candidates out of which 26 were selected.

Highlights:

- TPS successfully hired 49 female candidates in 36 days.
- Gender diversity saw a boost of 36% at AVP/VP levels.
- Assisted all selected candidates during the relocation process, helping in increasing the joining ratio.

Testimonials

“After witnessing Think People’s services, I got to actually see how dedicated they are to the cause. They made sure not to miss even the smallest of details, and communicated throughout the process. Hands down, the best choice for my company!”

Client One

“Their problem-solving and decision-making methods in finding the right fit have to be the most impressive things about them. It is no surprise that they ensure maximum client satisfaction. 100% recommended.”
