- **Tools & Version Control**: Git, GitHub, VS Code

EDUCATION

Bachelor of Technology | ***Electronics and Communication*** 2025
Ahalia School of Engineering and Technology, Palakkad, Kerala

HSS | ***Computer Science*** 2021
GMMGHSS Palakkad

SSLC | ***10th*** 2019
GMMGHSS Palakkad

INTERNSHIPS

Python Django Full Stack Development Intern | ***Luminar Technolab*** June 2025 - Jan 2026
Duration: 7 Month

PROJECTS

Diet Lens - (https://github.com/bhavyaa14/dietlens)

- Developed a Django web application to help users track daily food intake, monitor calories, and get diet recommendations. Users can upload food images, which are processed using Gemini and stored in the database for analysis. Implemented custom user profiles, BMI/BMR tracking, notifications via Twilio, and secure Razorpay payments.

EduAdapt - (https://github.com/bhavyaa14/eduadapt)

- Designed and implemented EduAdapt, a Django based online quiz and assessment platform. The system supports role-based access, allowing admins to manage questions and review user performance, while enabling users to participate in quizzes and monitor their quiz performance and history. Built with secure authentication, structured database models, clean backend logic, and a user-friendly frontend design.

PROFESSIONAL AFFILIATIONS

Student Lead
IEEE Member of Student Branch – ASET

NSS Volunteer
National Service Scheme Unit – GMMGHSS PALAKKAD

AWARDS, ACCOMPLISHMENTS AND ACCOLADES

Certification In Python Oct 2024
